Ciò che rimane di un ufficio di un ex-cotonificio a Pordenone

There is a dangerous virus being passed around electronically, orally and by hand. This virus is called "Weary Overload Recreational Killer" (WORK). If you receive WORK from any of your colleagues, your boss, or anyone else via any means DO NOT TOUCH IT. This virus will wipe out your private life completely. If you should come into contact with WORK, put your jacket on and take two good friends to the nearest grocery store. Purchase the antidote known as "Work Isolating Neutralizer Extract" (WINE) or "Bothersome Employer Elimination Rebooter" (BEER). Take the antidote repeatedly until WORK has been completely eliminated from your system. You should forward this warning to 5 friends. If you do not have 5 friends, you have already been infected and WORK is controlling your life.
